

Recordkeeping of Occupational Injuries & Illnesses for Fire Service

1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and worker's compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Workshop . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (2003 Liberty Mutual Safety Index.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This MIOSHA program is designed to help employers ensure that their organization complies with MIOSHA recordkeeping requirements as contained in MIOSHA Administrative Rules Part 11, Recording and Reporting of Occupational Injuries and Illnesses. In addition to learning and understanding the "recordability" of work related injuries and illnesses, attendees will actively participate in a group exercise to complete the OSHA 300 log, 301 and 300A forms. Using this data, participants calculate injury and illness rates and learn how to compare these rates to other companies within their Standard Industrial Classification (SIC) or the new North American Industrial Classification System (NAICS).

Agenda

*We offer a flexible
program agenda
to emphasize the
topics you
want most.*

- ▶ Review Procedures for Completing Forms 300, 300A, and 301
- ▶ Posting Requirements
- ▶ Mechanics of Recordkeeping
- ▶ Locations, Retention and Maintenance of Records

Facilitator

Lee Jay Kueppers was appointed to MIOSHA in 1987 and joined the Consultation Education and Training Division in 1998 after serving more than 10 years as a general industry compliance officer. Prior to his appointment to MIOSHA Lee Jay was employed by Ford Motor Company and worked as a full-time fire fighter/EMT in New Mexico. Lee Jay continues his interest in fire fighting by serving as an on-call firefighter/EMT with the Washington Township Fire Department as well as teaching fire science part-time at Macomb Community College. He is a state certified fire instructor.

Lee Jay has a bachelor's degree in Industrial Safety and Fire Science from the University of Maryland and an Associate's degree in Fire Science from Macomb Community College. He performs his consultation services for employer/employees in Bay, Tuscola, Huron, Lapeer, Sanilac and portions of Macomb and St. Clair Counties.
